

MORLOCK ROTARY BOTTLE CAP PAD PRINTING MACHINE

Rita Pad is an undisputed market leader with over 2500 installations worldwide, and over 1000 customer partners. Continuous innovation and R&D have lead to a range of over 50 cost effective machines with infinite options for customization to suit individual needs, and a complete range of accessories and consumables. Adding a feather to the cap, Rita Pad boasts of many patents and design registrations.

Rita Pad printing machines are easy to operate and user friendly with advanced technology. These are especially suited to printing on surfaces of any shape, texture and composition with precise registration and high speed.

Features:

- 1,2000 bottle caps (28mm Ø)
- Vertical Printing on bottle caps ensures high visibility
- Automated feeding and ejection systems
- Ensures High Quality, High Resolution 360° round printing
- Can print on bottle caps from 2 ml. to 20 ml
- Ensures orientation of print on Bottle Caps
- Tilting Head Ink Well
- Automatic Tape Cleaning
- Adjustment in Cliche Pressure & Pad Pressure according to user requirement
- 6 Digit Part counter for easy tracing of Production
- No human hand required for printing

Specifications : MRV Printing Machine

Max Speed	: 200 revolutions / Minute
Cliche Drum Diameter	: 60 mm
Cliche Drum Length	: 75 mm
Pad Rotary Diameter	: 90 mm
Pad Rotary Length	: 60 mm
Drive	: Electro-Mechanical, Continuously adjustable
Power requirements	: 0.4 KW 220 Volts
Controls	: Drive with variable speed control Ink Pump Inch Facility
Weight	: 300 Kg.
Dimension	: 780 x 1000 x 1100 mm
